Winery of the year

Howard Park

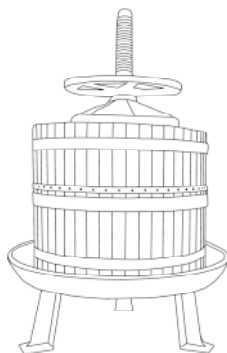

Howard Park has gone from one strength to another during 2003. Its relatively new regional range under the Scotsdale and Leston labels has been more than deserving of its many accolades. New labels in the family this year included an outstanding pinot noir and a respectable sauvignon blanc. It has been the consistency of this producer that has set it apart throughout the year, with each of its releases representing an impressive wine in its own right. A confident move into screw caps has been further evidence of the commitment of Michael Kerrigan and his team to producing consistent, high quality wines.

Upcoming winery of the year

Craggy Range

For a young winery to produce a range as large and as outstanding as that of Craggy Range is high-on unheard of. An exceptional line up of wines across the board, with its prestige reds a particular highlight.

Wine of the year

Penfolds Grange 1998

Hardly a surprising choice for the pick of the year, but thoroughly deserving. No other release has matched the power, balance, length and longevity that Penfolds has achieved in the latest vintage of its flagship wine.
